Datasheet

- High-performance A3 colour multifunctional systems with up to 65 ppm print speed for the perfect entry into digital document management

- Wide range of integration options through powerful e-BRIDGE Next system platform

- High level of usability due to individually designable user interface as well as additional individual programming

- Maximum protection of sensitive data through numerous security functions such as hard disk encryption and access authorisations

- Environmental protection at the highest level: low energy consumption as well as energy-saving mode help to preserve resources
