

INTERACTIVE CHILDREN'S DISPLAY

Designed to encourage children's entertainment, the interactive children's touch screen is an innovative and stimulating resource for young children.

Entertainment guaranteed

With the multiCLASS Kids Pad you create a space where children interact and spend time having fun safely and without parents having to worry about them.

Available in 2 colours

With this tool, children's creativity will flow freely thanks to unlimited access to a variety of educational games and apps through Google Play. In addition, they will develop their first digital skills through technology.
