

intimus AutoShred 400 CP4

FULLY AUTOMATIC OFFICE SHREDDER

Up to 10 users

P-4 | Autofeed shredder featuring a maximum sheet capacity of 400 sheets and a waste bin capacity of 55 litres

Shredding material:

- Paper with staples and paper clips
- CD / DVD / Blu-ray
- Plastic card

START. LOAD. AND LEAVE. DONE!

Bid farewell to the tedious, time-consuming task of manual shredding with the introduction of the intimus AutoShred 400 CP4, your gateway to a new era of shredding efficiency and security. This state-of-the-art shredder is designed to revolutionize the way you destroy sensitive documents, offering a secure and fully automatic data shredding solution that caters to the modern office's needs.

With the capability to effortlessly handle up to 400 sheets in autofeed mode, the AutoShred 400 CP4 is a powerhouse, turning a mountain of documents into unreadable confetti in a matter of minutes. Its robust design incorporates advanced technologies to ensure a seamless shredding process from start to finish.

The shredder is equipped with integrated overheating protection and anti-paper jam protection technology. These features work in tandem to guarantee an uninterrupted operation for up to 240 minutes, allowing you to focus on more important tasks without the worry of frequent downtimes.

The AutoShred 400 CP4 boasts an automatic shutdown feature. Just 5 minutes after completing your shredding task, the machine will power down, conserving energy and reducing your office's carbon footprint.

Security is paramount in the design of the AutoShred 400 CP4. It features a lockable magazine with a customizable 4-digit code, providing an added layer of protection. This ensures that your documents are safeguarded against unauthorized access or removal, offering you peace of mind in the protection of your sensitive information.

The AutoShred 400 CP4 is versatile and robust, capable of shredding paper with staples and paper clips, credit cards and optical storage media, including CDs, DVDs and Blu-rays.

KEY FEATURES

- Meets security level P-4 standards, compliant with DIN 66399 (ISO/IEC 21964) with a particle size of 4 x 12 mm.
- Autofeed feature accommodates up to 400 sheets of 80 g/m² paper, including paperclips and staples.
- Allows manual feeding of credit cards, CDs, DVDs, Blu-rays, and up to 10 sheets of 80 g/m² paper.
- Capable of securely shredding credit cards and CDs.
- Operates quietly with a noise level of 56 dB(A), ensuring a tranquil work environment.
- The intuitive touch display enhances user experience with its innovative design, making operation simple and effortless.
- Enhanced mobility facilitated by effortless movement on castors for added convenience.
- Features a spacious and easily removable 55-litre waste bin, capable of holding up to 670 sheets of paper.
- Automatic start/stop, overheat protection, bin full sensor, auto-reverse and clever anti-paper jam technology ensure uninterrupted operation for up to 240 minutes.
- Automatically switches off after 5 minutes once the task is completed.
- A 4-digit code protects the documents against unauthorized removal.

SPECIFICATIONS
