

XP-PEN®

More than Smart!

Deco L & Deco LW[®]
A New Generation of Pen Tablet

X3-Smart-Chip Stylus.
Sharp! Stable! Precise!

X3-Smart-Chip Stylus. Capture your originality anytime.

Comparable to the drawing experience of a pencil, the new X3-Smart-Chip Stylus has an almost-fixed tip that provides a higher sensitivity to light strokes.

Bluetooth v5.0. Over 10 hours of cable-free creativity.

The Deco LW Pen Tablet, with its built in Bluetooth v5.0 chip, sustains power for more than ten hours due to its large-capacity lithium battery (1000mAh/3.7V).

Full 360°, all-round protection. Two-shot molding.

The pen tablet is constructed through a two-shot molding process and is available in four colors. It has a smooth and delicate-looking surface with an appealing form and naturally rounded edges.

X3-Smart-Chip Stylus.

Sharp.

The stylus flows faster than your inspiration.

3 grams* IAF. 0.6 mm* retraction distance. Faster response.

Stable.

No spring part. Anti-interference. Steady performance.

Double* the life span. Digital signal transmission.

Precise.

More precise positioning. Never miss a single brushstroke.

Virtually no accuracy error. No broken lines. No lag.
